

# Gelato Cake

Gelato 33 X Birthday Cake X Strawbanana Cream

Gelato Cake feminized by T.H.Seeds™ (Gelato 33 X Birthday Cake X Strawbanana Cream) is as frosty as it is tasty, with THC levels up to 26% and a rich ice cream cake flavor. Gelato Cake is a cross of a selection of our limited edition regular Gelato 33 X Birthday Cake X Strawbanana Cream. The result is an incredibly frosty plant. Gelato Cake is perfect to grow in any medium, we have tested Gelato Cake in some pretty tough conditions, but it remained strong and vigorous. It's a medium sized plant with lots of side branches, the flowers are dense, colorful and covered in trichomes. Gelato Cake is a hash makers dream and provides the whitest dry siffs and ice-o-lator. If grown well, Gelato Cake by T.H.Seeds™ looks like a Christmas tree, both indoor and outdoor. The resin on Gelato Cake is the closest to diamonds on a plant we have ever seen. The effects are strong but not a couch lock, a perfect strain for both day time and evening. A mellow, enjoyable high with high anti-stress properties and appetite stimulation, coupled with a rich ice cream cake flavor. Gelato Cake by T.H.Seeds™ is another instant classic, it's easy to grow and provides all the potency and flavor everybody is looking for these days.

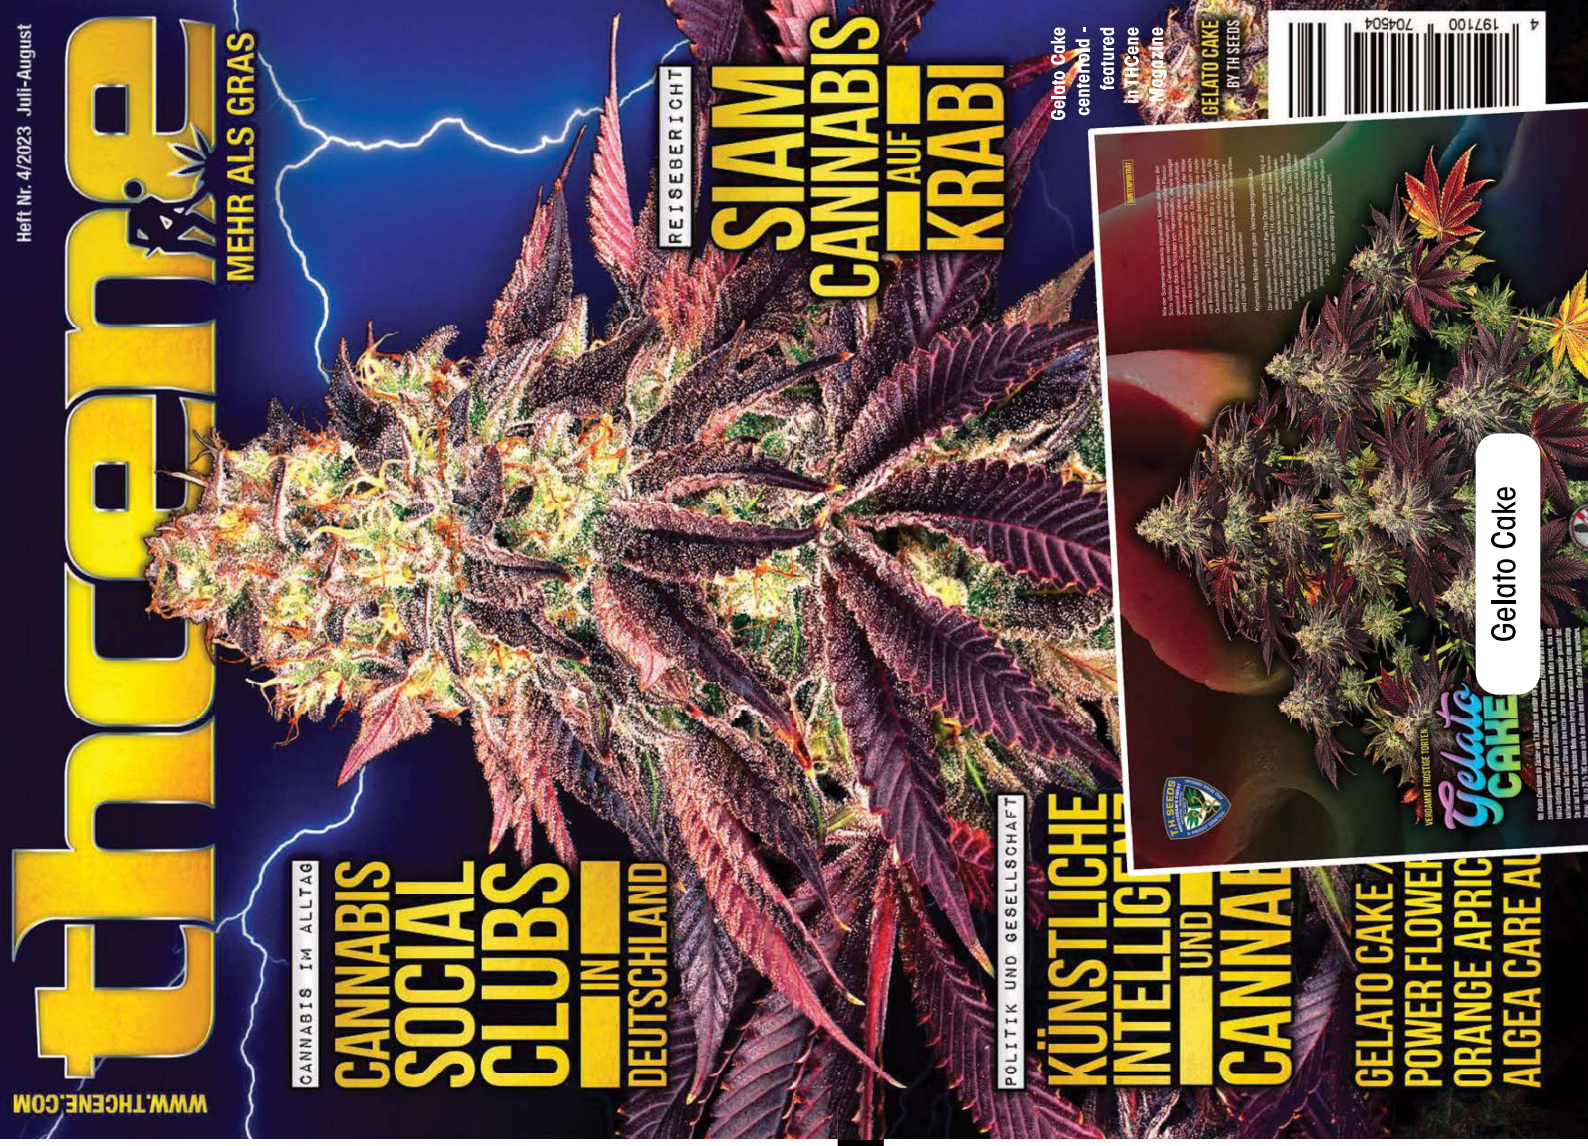

## SPECIFICATIONS
